

Occasional Low Table

Jasper Morrison, 2016

vitra.

The understated design and carefully crafted proportions of the Occasional Low Tables suit a wide variety of interior settings. They exemplify Jasper Morrison's philosophy of 'super normal' design, which he applies to revise, improve and reinterpret existing furniture typologies. The Occasional Low Tables not only provide a decorative accent with the corresponding forms of their circular tops and pedestals: the die-cast aluminium base plates, characterised by elegant lines and harmonious radial dimensions, can conveniently slide under low sofa frames – like that of Jasper Morrison's Soft Modular Sofa – bringing the table within easy reach. These features make the Occasional Low Tables indispensable, practical companions for daily living.

The small tables with a stable metal base come in three heights – from the level of a low occasional table to a standard sideboard – and with refined, bevelled-edge table tops in aluminium or high-quality solid wood. The powder-coated metal surfaces are robust and easy to clean.

The Occasional Low Tables are related to the height-adjustable Rise Table, which was also designed by Jasper Morrison.

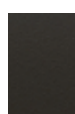

Materials

- **Table top:** solid wood; oak, natural, oiled finish; oak, dark, hard-wax oil finish; American walnut, natural, oiled finish; die-cast aluminium, powder-coated textured finish.
- **Column:** steel, powder-coated textured finish.
- **Base:** die-cast zinc, powder-coated textured finish.
- **Origin of wood:** oak (*Quercus robur*) from Western Europe and/or Poland; American walnut (*Juglans nigra*) from the USA.
